2 Important accounting policies applied by the Group / New standards and Interpretations

The accounting policies and methods of calculation used in preparing these condensed interim financial statements, the significant assumptions adopted by the Administration, and the main sources of uncertainty affecting the estimates, are the same as those which have been adopted in the published annual financial statements for the year ended December 31, 2014. The application of the amended IAS 19 "Employee Benefits" and IFRS 13 "Fair Value Measurement", in the period, had negligible effect on the financial statements of the Company and the Group.

IFRS 10 "Consolidated Financial Statements", IFRS 11 "Schemes under Joint Arrangements", IFRS 12 "Disclosure of Interests in Other Entities", IAS 27 "Separate Financial Statements" and IAS 28 "Investments in Associates and Joint Ventures" (effective for annual periods beginning on or after 1 January 2014). It is not expected to have material effect on the financial statements.

In May 2011 the IASB issued three new Standards, specifically IFRS 10, IFRS 11 and IFRS 12. IFRS 10 "Consolidated Financial Statements" mentions a new consolidation method, which defines control as the basis for the consolidation of all types of companies. IFRS 10 replaces IAS 27 "Consolidated and Separate Financial Statements" and MED 12 "Consolidation - Special purpose entities". It is not expected to have material effect on the financial statements.

IFRS 11 "Schemes under Joint Arrangements" defines the principles regarding financial reporting of the members who participate in a Joint Arrangement. IFRS 11 replaces IAS 31 "Interests in Joint Ventures" MED 13 "Jointly Controlled Entities - Non-Monetary Contributions by Venturers". It is not expected to have material effect on the financial statements.

IFRS 12 "Disclosure of Interests in Other Entities" unites, improves and supersedes disclosure requirements for subsidiaries, jointly controlled, associates and non-consolidated entities. As a result of these new standards, the IASB also issued the Amendment IAS 27 entitled IAS 27 "Separate Financial Statements" and Amendment IAS 28 entitled IAS 28 "Investments in Associates and Joint Ventures. These standards have no effect in the consolidated financial statements except of the additional disclosure requirements in IFRS 12.

2.1 Consolidation

2.1.1 Subsidiaries

The consolidated financial statements include the financial statements of the company and of its controlled businesses (subsidiaries). Control is considered when the company is able to define the financial and operational activities of a business with the purpose of acquiring a benefit. The results, assets and liabilities of subsidiaries have been integrated in the financial statements using the complete consolidation method. The financial statements of the subsidiaries have been prepared by following the same accounting policies followed by the company. Company to company transactions, inter-company balances and inter-company incomes and expenses are deleted during consolidation. The goodwill resulting during the acquisition of businesses, if it is positive, is registered as a non-depreciable asset, subjected annually to an audit for the impairment of its value. If it is negative, it is registered as income in the results of operations for the Group. The goodwill refers to the balance between the price for acquiring and the reasonable value of the separate assets, the liabilities and probable liabilities of the acquired business.

2.1.2 Associates

Associates are all entities over which the Group has the ability to exercise significant influence and are neither subsidiaries nor interests in a joint venture. Significant influence is the power to participate in decisions on financial and operating policies of the company but not control those policies. Significant influence normally exists when the group holds between 20% and 50% of the voting rights through ownership of shares or through other agreement.

Investments in associates are initially recognized at cost, while for consolidation purposes the equity method. The goodwill included in the carrying amount (cost) of the investment and is tested for impairment as part of investment. When a group entity transacts with an associate of the group, any intercompany profits and losses are eliminated to the extent of the Group in the relevant associate. All subsequent changes in the ownership interest in the equity of the associate are recognized in the carrying amount of the investment group.

Changes arising from the profits or losses of associates is recorded in the consolidated income statement and changes that have been directly recognized in equity of associates recognized in consolidated equity of the group. Any changes recognized directly in equity and not related to outcome, for example the distribution of dividends or other transactions with shareholders of the associate recognized against the carrying value of the participation. No effect in the net result or equity is recognized in these transactions.

When the group's share of losses in an associate equals or exceeds the carrying amount of the investment, including any other unsecured receivables, the Group does not recognize further losses, unless the Group has incurred obligations or made payments on behalf the associate. The accounting policies of associates are changed where necessary to ensure consistency with the policies adopted by the group.

In the financial statements of the parent company, investments in associates are valued in accordance with IAS 28, at cost less any accumulated losses from impairment.

Any foreign currency differences from non-currency elements evaluated at their reasonable price are considered as a section of the reasonable value; thus they are registered in the same section with the differences of reasonable value. The figures of the financial statements of the Group's companies are measured based on the currency of the financial environment for the specific country where each Group company is active. The separate financial statements of the companies participating in the consolidation, which had initially presented in a currency other than the Group's presentation currency, have been converted into €. Assets and liabilities have been translated into € at the closing exchange rate on the date of the balance sheet. The Company, during the fiscal year 2014, was audited for the unaudited fiscal years 2008 to 2010. The audit revealed additional tax amounting to € 1.892 thousand, which was finalised to the first quarter of 2015.

The Company made the formation of an additional provision of € 1.3 million. For the tax audit results, the Company has appealed against the Greek government, but this case has not been resolved so far.

The years 2011-2013 have been audited by the statutory auditors in accordance with the provisions of Article 82 § 5 of Law 2238/1994, while the tax audit for the year 2014 for both the parent company and its subsidiaries, located in development and is not expected to incur additional tax liabilities.

Provisions are reviewed at each balance sheet date and adjusted to reflect the present value of the expenditure expected to be required to settle the obligation.

Provision for litigious cases

This provision is equal to € 1.123 thousand and is based on the fact that a company of the Group is facing court action; the Greek State is the plaintiff in these cases and the above amount is a reliable evaluation of the amounts required to be paid if the final decision is against the Company.

Provision for the forfeiture of penalty clauses

This provision is equal to € 223 thousand and stems from the fact that a Group's subsidiary company may be required to pay certain amounts as penalty clauses to its suppliers with whom the company has contracted a shop-in-shop commercial cooperation contract, if such cooperation is prematurely terminated, under specific

conditions and terms.

These provisions are re-examined at each balance sheet date and are adjusted in order to show the present value of the expense anticipated in order to settle the obligation.
